All individuals in a household will need to register even if they are sharing a device to watch the seminar.

We also want to be sure that everyone needing seminar credit is attending. To do this we will have several attendance checks throughout the day and we will have a secret word for each presentation hour.

At the end of the seminar all attendees will be given a link for an anonymous Survey Monkey to complete the seminar survey. Completion of that survey will give you a link that will take you to a form to fill in your name and all the secret words.

Watch for further information. You will need to preregister for the breakout session of your choice or you will be placed in one.

Registration Fees:
